

# Production de vorticit      une interface fluide-fluide

M. Rossi and D.Fuster

Institut Jean Le Rond d'Alembert  
CNRS Sorbonne Universit  

## Part I

Interface and generation of vorticity  
in two-dimensional flows

please download

Vorticity Production at Fluid Interfaces in Two-dimensional Flows  
M.Rossi and D.Fuster

**arXiv:2102.05878**

# Part II

## Application to a vortex and an interface

please download

Vortex-interface interactions in two-dimensional flows

Daniel Fuster, Maurice Rossi

submitted to International Journal of Multiphase Flow
